# ALIVE and ACTIVE

The entire student body, as well as all of the faculty and administration at SHS, have a large stake in the continued progress of Stephenville High School. Whether banding together to strengthen the comprehensive program of education needed to achieve our goals or taking time out to find fun and relaxation in the various activities available at SHS, each of us shares a glowing pride in the JACKET's fine record of accomplishments and renews our individual efforts to meet today's challenge. As Jackets progress with initiative and ability so do the business men and women of the community abound in versatile talents and services. These Jacket supporters are motivated with the American spirit of free enterprise and a strong sense of fair play.

Representing "SHS People, ALERT, ALIVE and ACTIVE" is the school seal, designed by Judi Houston, Class of '68, in a Student Council-sponsored contest and approved by our Board of Education in an early summer meeting.

The newly adopted seal of Stephenville High School, circular in shape, is symbolic of continuous progression. The torch of learning in the center is a source of enlightenment and guidance. Resembling the letters "SHS," the flame represents the burning desire to advance and achieve. The conical shape of the torch is suggestive of a cornucopia containing an overflowing supply of enthusiasm – enthusiasm which both teachers and students possess in their quest for knowledge and their participation in extra-curricular activities. The Yellow Jacket on the cone stands for all teams, athletic and scholastic, representing Stephenville High School. The blocks above the cone represent the varied courses of study – the building blocks of a well-rounded education. The words "Stephenville High School" appear around the top of the seal with the Latin phrase "In Omnia Paratus," meaning "Ready For All" around the bottom.

The colors of the seal are blue, gold, and white. Blue, one of the traditional school colors, symbolizes loyalty and the great beyond (truth and knowledge not learned). Gold, another school color, implies malleability in that education shapes the minds and the characters of youth. Gold has a rust-free characteristic, and knowledge helps eliminate corrupting prejudices, tarnished traits of character, and the tendency to remain at rest mentally. It represents the wealth received from being educated and is indicative of the excellent opportunity offered to every student – a chance to expand his mind, thus increasing his capabilities. White, a symbol of beneficence, (Education is beneficial to society.), represents the purity of truth.

Of these Mike Cedars places first in Number Sense and Jackie Quarles second in Slide Rule to advance to regional competition.

The Jacket Camera "tells it like it is" on April 4 at the Friday afternoon practice for the Lions Club Queen Contest. Then "adding icing to the cake" of the FUN-D Program following the delicious chicken barbecue, eighteen SHS seniors (Can they possibly be the same girls?) are presented as candidates for the Lions Queen title. Judges choose Debra Dixon as first runner-up. Outgoing Queen Rita Mayo then presents the crown to Debbie Ballow, 1969 Lions Club Queen.

# School Board Links Community, School . . .

Meeting regularly on the first and third Mondays of each month, members of the Stephenville Independent School District Board of Education give much of their time and energy to school affairs. Elected as representatives of the school district to serve three-year terms, these seven Stephenville citizens work with Superintendent J. C. Helm, Jr. to determine school policies. Equipping and maintaining the four schools of the district is one of their primary jobs. The Board also has continually to face the problems of expanding facilities and curriculum to meet the needs of the ever-growing student population, for they and the administrators constantly re-evaluate the methods of teaching as they strive to offer top educational opportunities. Thus, the young people of Stephenville are educated according to the high standards demanded by the community and its representatives.

How to finance needed school expansion is a main topic of the May 19 Board of Education meeting. Clockwise are board members Vern Pendleton, R. C. Ammons, Doyle Nix, Brad Thompson, and (far right) Mac Brandon. Mr. Ray Rankin and Mr. C. H. Maguire ask questions about an alternate to the $2.5 million plan voted down last year.

Alert to current trends, Mr. Helm joins a group of educators for a Project Change educational tour to Boston and to Flint, Michigan. Efficiency key-notes Mr. Helm's efforts to assure the highest quality education of students by the wisest use of school funds.

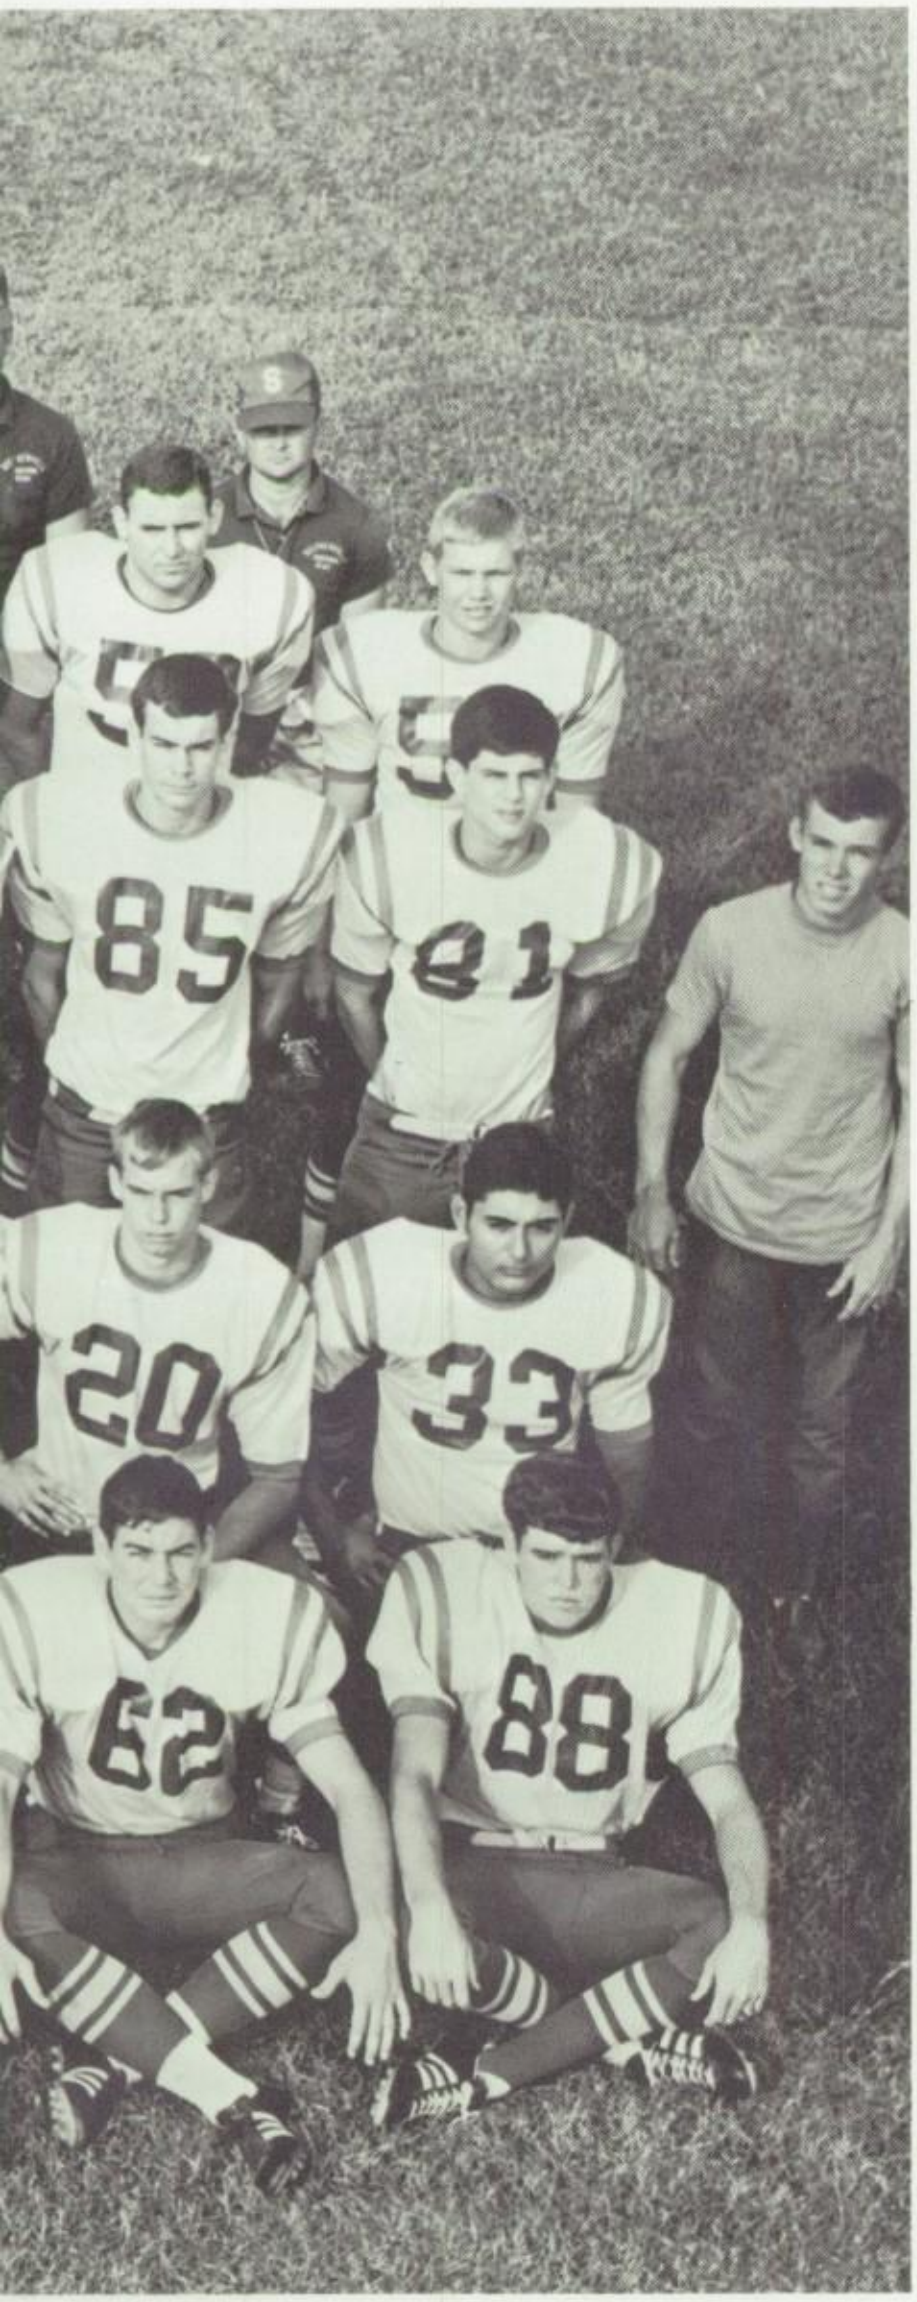
Fish action at right . . . the beginning of future SHS Varsity Jackets!

# Varsity Jackets Don New Uniforms, Sun Grins for JACKET Cameraman



August, 1968, finds football monopolizing the time of six SHS coaches, over a hundred players, six managers and a trainer as fans lend their moral support. As the going gets rough, ten become football drop-outs while fifty-four playing out the season report for all work-outs.

Jacket gridders under the guidance of Head Coach Johnnie Henderson and assistants Gus Hernandez, Sam Taylor, Richard Norwood, Larry Aldridge and Don Barry bring recognition to SHS. The Wasps, scoring 165 points against their opponents' 102 and compiling the same 6-4 won loss record as Mineral Wells Lee, become district champs by virtue of their 13-8 victory over Lee. Giving a fine team effort, the JV shoots down such formidable foes as Hico Varsity, Granbury, Brownwood and Clifton but loses the scoreboard race to Azle, Graham, Mineral Wells, Castleberry, Weatherford and Brownwood in a season finale rematch. As the season progresses, JV players Ray Pack and Joe Garcia move up to the Varsity. Also posting a 4-6 record, twenty-eight Varsity players earn letter jackets.

Varsity season statistics reveal leaders in various categories: Everett in scoring, rushing, pass receiving, passes intercepted and punt returns; Danny Brown in tackling; Kelly in punting; Lay in passing; Richards in kick-off returns; Stasey in fumbles recovered. Garner and Stasey tie in blocking punts. Other SHS honors for the year go to many Jackets – Everett, Fitzgerald and Lowery, Captains; Stasey, Offensive Lineman; Everett, Offensive Back; Fitzgerald, Defensive Lineman; Danny Brown, Defensive Back; Everett, Player of the Year; Ray Pack, Most Improved Player; Derrick, Best Spirit Builder; Stasey, Hardest Worker in Work-Outs; Watkins and Everett (tie), Best Attitude during Work-Outs; Ulmer, Hardest Worker among Non-Starters.

Climaxing football in '68, 4-AAA All-District recognition goes to Everett, Fitzgerald, D. Brown and Stasey. Three more Jackets – Lowery, Walker and Wood – receive honorable mention.

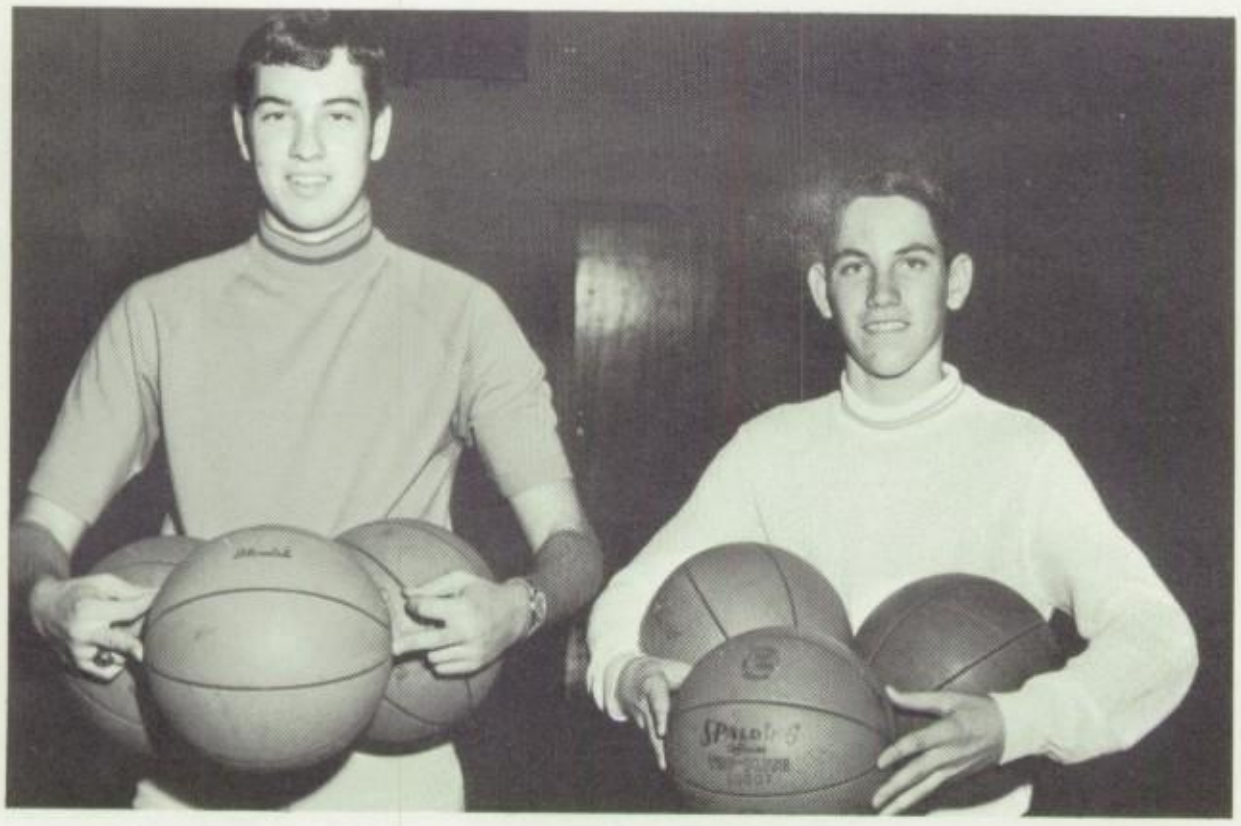
# A Year of Firsts for Century-Scoring Stingers and Coach Aldridge

Rolling to a 12-15 season between the first tip-off and the last heartbreaker, SHS Jackets see five contests decided by no more than three points and three overtime matches. The Stingers not only score a total of 1,602 points but break the magic century mark for the first time in SHS history to beat Breckenridge 104-41. Kelly leads the scoring with a 17.2 average. Danny Brown surpasses rebounding records and is a tip-in specialist. Cashon leads in recoveries and intercepted passes, totalling 73, for the season. While setting up plays from the outside, Stasey manages a 10.6 average despite leaving eight contests early via the foul route. Hyde, perhaps the most outstanding reserve from the super sophs, contributes 32 points on the varsity level in the last four contests.



Official statistician Mike Stewart and manager Scotty Evans have their hands full keeping up with Coach Aldridge and the 1968-69 Jackets.

Offensive 'Bees rip the nets for a total of 1,756 points, an average of 51.5 per game while the stingy defense allows only 37.6 points per outing.

# Club Advisers Preview Steve's Project

Early in the year anyone having already earned two credits in science and all students enrolled in this year's science classes receive an "intercom" invitation to join the SHS 1968-1969 Science Club. Club advisers, Mr. Dean Williams and Mr. Jack Meixner, and an estimated eighty interested students attend the first meeting to organize and elect officers. During the year a sophomore member, Steve Turknett, repeatedly wins recognition for himself and SHS with his project, Systematic Analysis of an Unknown Compound, placing second in the Senior Chemistry Division at the Central Texas Science Fair in Killeen, first in both the Senior Chemistry Division and the overall Senior Division at the Junior College Science Fair in Temple, and first in the Senior Chemistry Division at Baylor's Regional Science Fair in Waco. Special activities, highlights of the year, are Mr. Virgil Wade's illustrated lecture attended by forty members interested in his TSC Biology Field Trip to Mexico and a trip by thirty-five members on one of our own "Yellowhounds" to Fort Worth's International Science Fair.

Science clubbers board the Fort Worth Convention Center-bound SHS Yellowhound to visit the International Science Fair and put just the right finishing touch to the year's activities.

# The '69 JACKET—

## Our Memento of School Days at SHS—
## Closes With Our Alma Mater

## To The Blue, To The Gold

Here's a toast to Stephenville High,
We her praises ever sing,
Stand and cheer her name once again;
Loudly may the echoes ring.

Fill a glass for happy times,
Sons and daughters ever true,
Always holding deep in loyal hearts
The Spirit of the Gold and Blue.

To the Blue – To the Gold –
To our school and its glorious history;
To our faith – To our zeal –
To the days we remember so joyfully.

To the Blue – To the Gold –
May we carry our banner to victory;
To our hopes – to our dreams –
To the world we shall make ours some day.

Here's to all our glorious past,
Here's to our victories won –
Here's to glorious future years.
For our fame has just begun.

Fill a glass for happy times,
Sons and daughters ever true,
Always holding deep in loyal hearts
The Spirit of the Gold and Blue.
